AWARDS AND HONORS

Midland, an Italian company always focused on design, has received several awards throughout its history.

One of these is the **Red Dot Award**, one of the most important in the International Design field where a pool of experts analyses over 6,500 products focusing on the complementarity between design and quality.

Midland has won four awards in the last 3 years in the **Product Design category** of the **Red Dot Award**: the **XT70 Pro**, **777 Pro** and **G9 Pro** radios and the **BT Rush** intercom.

OUR TALE OF INNOVATION, FOR OVER 60 YEARS.

1959

Founding year.

1977

1st certified CB Radio on the European market.

1998

WHY A RADIO AND WHICH ONE TO CHOOSE.

Usually, emergency and security situations are associated with radios: first aid, police, firefighters, civil protection. These are just some examples of professional figures that come to mind when we talk about radios.

What if we told you that they are not the only radio users? What if we told you there are others? Radios are widely used in places that have to manage the public and require rapid communication tools on wide surfaces, for example: department stores, shopping centres, restaurants, hotels and seaside resorts.

FAMILY RADIOS

Looking for an easy and immediate radio,
just right for your family?

RADIO FOR BUSINESS

Indestructible models
for the harshest environments:

G11 Pro

G13

G15 Pro

G18 Pro

G7 | G9 Pro Work Edition

Do you have a store,
a club or a hotel?

777 Pro

G10 Pro

Advantages:

- Radios are not afraid of shocks, low or high temperatures. They are made to last over time.
- Signal coverage: radios always have signal, anywhere (there are no “grey areas” such as in basements, in the mountains, etc.).
- Speed in communications. It is not important to know the telephone numbers of all interlocutors.

Just press a button: PTT.

PMR446: contribution of €12 and declaration of activity start abolished.

The decree issued on 17/7/2020 which sanctions the liberalization of the PMR446 band has finally become law. Thanks to Law No. 120 of 11 September 2020, it is now no longer necessary to fill in and submit the self-certification to the Italian Ispettorato Territoriale and pay an annual contribution of €12. What are you waiting for? Buy your PMR446 radio and use it without wasting more time, as in the rest of Europe.

THE PROFESSIONAL-LEVEL RADIO SYSTEM

Choosing a radio communication system for your business means embracing the reliability, competitiveness, efficiency and durability that only this instrument can provide.

RELIABILITY

In retail contexts, such as nightclubs and restaurants, device reliability is crucial to ensure workplace safety and efficiency. Breakdowns in communication can pose a risk to workers, customers and the premises. Key communication challenges include coverage, device reliability, and breakdowns in connectivity between employees. A proactive approach to radio maintenance is essential to prevent interruptions to operations and downtime.

COMPETITIVITY

The key to ensure your store remains competitive is to maintain effective communication within your team. To this end, the use of a radio system is fundamental as it significantly improves communications between members of your work group. It creates a constant flow of real-time information, ensuring your staff are always optimally informed and fully coordinated. By employing an efficient radio system, your sales outlet can respond more effectively to your customers' needs and market changes, which ultimately ensures your business maintains its competitive edge.

EFFICIENCY

The key to increasing sales efficiency is a swift and immediate communication between your sales and warehouse teams. By employing a radio system you can achieve this with ease. The radio allows for instant, real-time communication between teams, meaning you can respond promptly to customer needs and provide a swifter, more efficient and more effective service. Radio communication is the ideal tool to optimize sales procedures and improve customer experience.

SAVING

In general, using a radio can also yield notable cost savings, allowing for a quick return on investment and significant annual savings, which will be more significant as the number of workers and hourly costs increase. So the decision to employ a radio system represents a truly cost-effective investment for any business.

RESISTANCE

The durability of our radio system represents its major strength, providing an assurance of continuity of communication whatever the situation. Whether its adverse weather conditions or the potential for service interruptions, your communications will remain unaffected, ensuring your operations remain safe and consistent.

INTERCONNECTIVITY AND COVERAGE

Interconnectivity and reliable coverage are key features of a business radio system. A radio communication system guarantees maximum coverage – even in areas where the signal may be weak or absent. This allows your team to communicate in complete safety regardless of circumstances. The radio system thus becomes a reliable ally to ensure uninterrupted and secure communications in any operational context.

DIFFERENT USES

Business radio systems are versatile and used in many different sectors: hotels, restaurants, nightclubs, installations, beachside establishments, swimming pools, campsites, golf clubs and nature reserves. They provide a valuable tool for enhancing communication, increasing efficiency and ensuring safety in any context.

G18 PRO

The IP67 indestructible walkie talkie becomes professional and exceeds military reliability standards.

G18 Pro, the most advanced model of the PMR446 walkie talkie range becomes **professional**. It keeps the **rugged frame** built to military standards, a high visibility screen, **IP67 certification** as dust and water resistant, and is capable of withstanding the harshest environments.

It adds the **RRM channel function** to the previous model, a fast recall to the Rete Radio Montana channel, programmable via software.

G18 Pro meets all types of needs and uses.

Version: PMR446
Colour: Black
Channels: 16+83 pre-set

XT30 Pro keeps the green colour to give continuity, but definitely expands its performance with a wider frequency band and resistance to humidity and dew (splash proof).

Version: PMR446
Colour: Black/Metallic green
Channels: 16
Tones: 38 CTCSS

Features

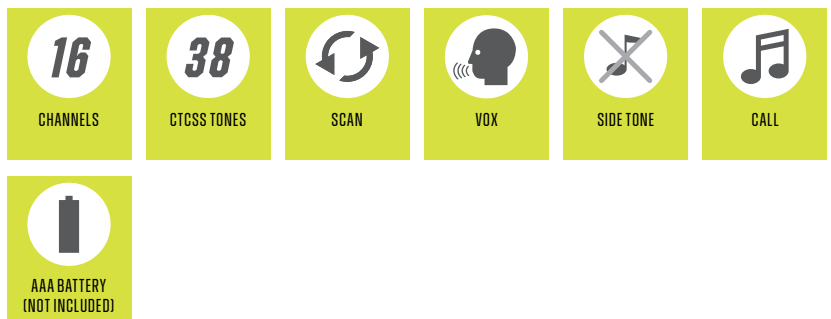

- Rechargeable via USB
- High-performance loudspeaker
- Splash proof
- Side tone: end of transmission tone silencer
- Auto power save, Low battery indicator
- VOX, CALL, SCAN, keypad lock
- Power supply: 3 rechargeable AAA batteries (up to 5 hours' autonomy)
- 2-pin accessory jack/USB for charging

Packaging and codes

Blister with 2 radios, 2 belt clips, 6 AAA rechargeable batteries, 2-way USB cable.
code C1463

XT10 PRO

4 km* range.

The new version of this model introduces appreciable technical improvements, including the extended PMR446 band and resistance to humidity and dew (Splash proof).

Version: PMR446
Colour: Black/Red
Channels: 16
Tones: 38 CTCSS

Features

- High-performance loudspeaker
- Splash proof
- Side tone: end of transmission tone silencer
- Auto power save: automatic battery saving
- Low battery indicator
- VOX, CALL, SCAN, keypad lock
- Power supply: 3 AAA batteries (up to 20 hours' autonomy)

Packaging and codes

Blister with 2 radios, 2 belt clips.
code C1459

NEW

XT10 PRO MULTICOLOR PACK

The brightly coloured XT10 Colour series – endless fun for all the family. Up to 4 km*.

Thanks to its wider frequency band (PMR446: 446.00625 – 446.19375 MHz), the XT10 Pro delivers reliable performances in any condition, as well as being moisture- and dew-resistant (splash proof). It guarantees efficient communications over distances of up to 4 km in optimal conditions, delivering the same easy-to-use features as the XT line and retaining all the previously existing functions. These simple and

lightweight devices are extremely practical and help improve safety during outdoor activities.

Packaging and codes

3 transceivers with belt clip.
code C1459.02

* In optimal environmental and atmospheric conditions

reddot winner 2022

**THE XT PRO LINE
HAS BEEN AWARDED
IN THE PRODUCT
DESIGN CATEGORY.**

The RedDot Award, one of the most prestigious design awards worldwide, saw us among the winners of the 2022 edition, in the Product Design section.

The judgement, entrusted to a pool of experts gathered in a panel, came after the analysis of over 6,500 products during the year, coming from many companies and sectors.

From gardening to competitive sports, from automotive to the planning of houses and kits, each application is analysed with precision and attention.

What distinguishes the award - in addition to its long tradition - is the complementarity between design and quality: the tests, in fact, are focused on the overall evaluation of the product, combining aesthetic as well as performance pluses.

A result that once again confirms our daily dedication to making communication accessible to all, and which makes us even more proactive in our goals.

XT70 PRO will be officially listed in the Red Dot Design Museum in Essen, Germany.

XT5

The walkie talkie for families.

XT5 is the new and colourful pocket 'miniature' radio for the whole family. Use real channels, scan all frequencies in a 4km range, use half-duplex transmission and make the adventure even more thrilling!

Designed to have fun with the whole family and of course with friends, the new XT5 walkie talkie is compact, available in bright colours and almost stylized in shape.

Easy to use and intuitive, the walkie talkie in question is equipped with a screen, which displays the channel you are using or the battery level, and a group of 5 buttons with the PTT button in the centre, which is easily recognizable and opens communication with other radios.

XT5 also allows customizing some functions, such as the activation of the Roger Beep as an alert at the end of the call or to silence the tone at the end of the transmissions.

Fun to use, in the open air the XT5 walkie talkie becomes indispensable for every little explorer, attached to the belt via the practical clip.

Version: PMR446
Colour: Blue/Yellow/Red/Green
Channels: 8
Tones: 38 CTCSS

Features

- Roger Beep
- Range: up to 4 km*
- Belt clip
- VOX on 3 levels
- SCAN function
- 38 CTCSS tones
- Monitor
- Channels scan
- Battery level indicator
- Transmission end tone silencer
- Call function

Packaging and codes

Blister with 4 radios in different colours and belt clips.

GB1-R

The PMR446 that looks like a CB.

99 CHANNELS 8+16 PREPROG	155 CTCSS+DCS TONES	 SCAN	 SIDE TONE	 TOT*	 FLIP DISPLAY
---------------------------------------	----------------------------------	----------	---------------	----------	------------------

**PLEASE CHECK YOUR COUNTRY
USE RESTRICTIONS**

GB1-R guarantees wide-ranging communications and radio contact with other users equipped with PMR446 equipment. Superb solution for those who **travel by car or caravan**, above all due to the fact that, operating on PMR446 frequencies, it is not affected by disturbances generated by the engine of your vehicle. **GB1-R**, thanks to its very small size, integrated magnetic antenna and the supplied 12V cigarette lighter plug, can be installed and removed quickly without having to be fixed in the special compartment of the dashboard. The metal chassis makes it very robust to ensure excellent performance over the years.

Version: PMR446

Colour: Black

Channels: 8 + 91 pre-set

Tones: 50 CTCSS + 104 DCS

Features

- Microprocessor-controlled frequency
- 'Flip' function: the transceiver can be fitted with the speaker aimed downwards or vice-versa, the display is inverted by pressing a button
- Adjustable squelch on 9 levels
- SCAN function and Monitor
- LCD display
- Integrated magnetic antenna
- TOT (Time out timer)*
- Side tone: noise blanker at end of transmission
- Busy channel (BCLO-Busy Channel Lockout)*
- Broad/narrow band selection 25 kHz/12.5 kHz (only export version)*
- High/low power (only export version)*

Packaging and codes

Radio, microphone, microphone holder, integrated wired magnetic antenna, mounting bracket, fixing screws, supply cable with car charger.

THE REAL RADIO AMATEURS.

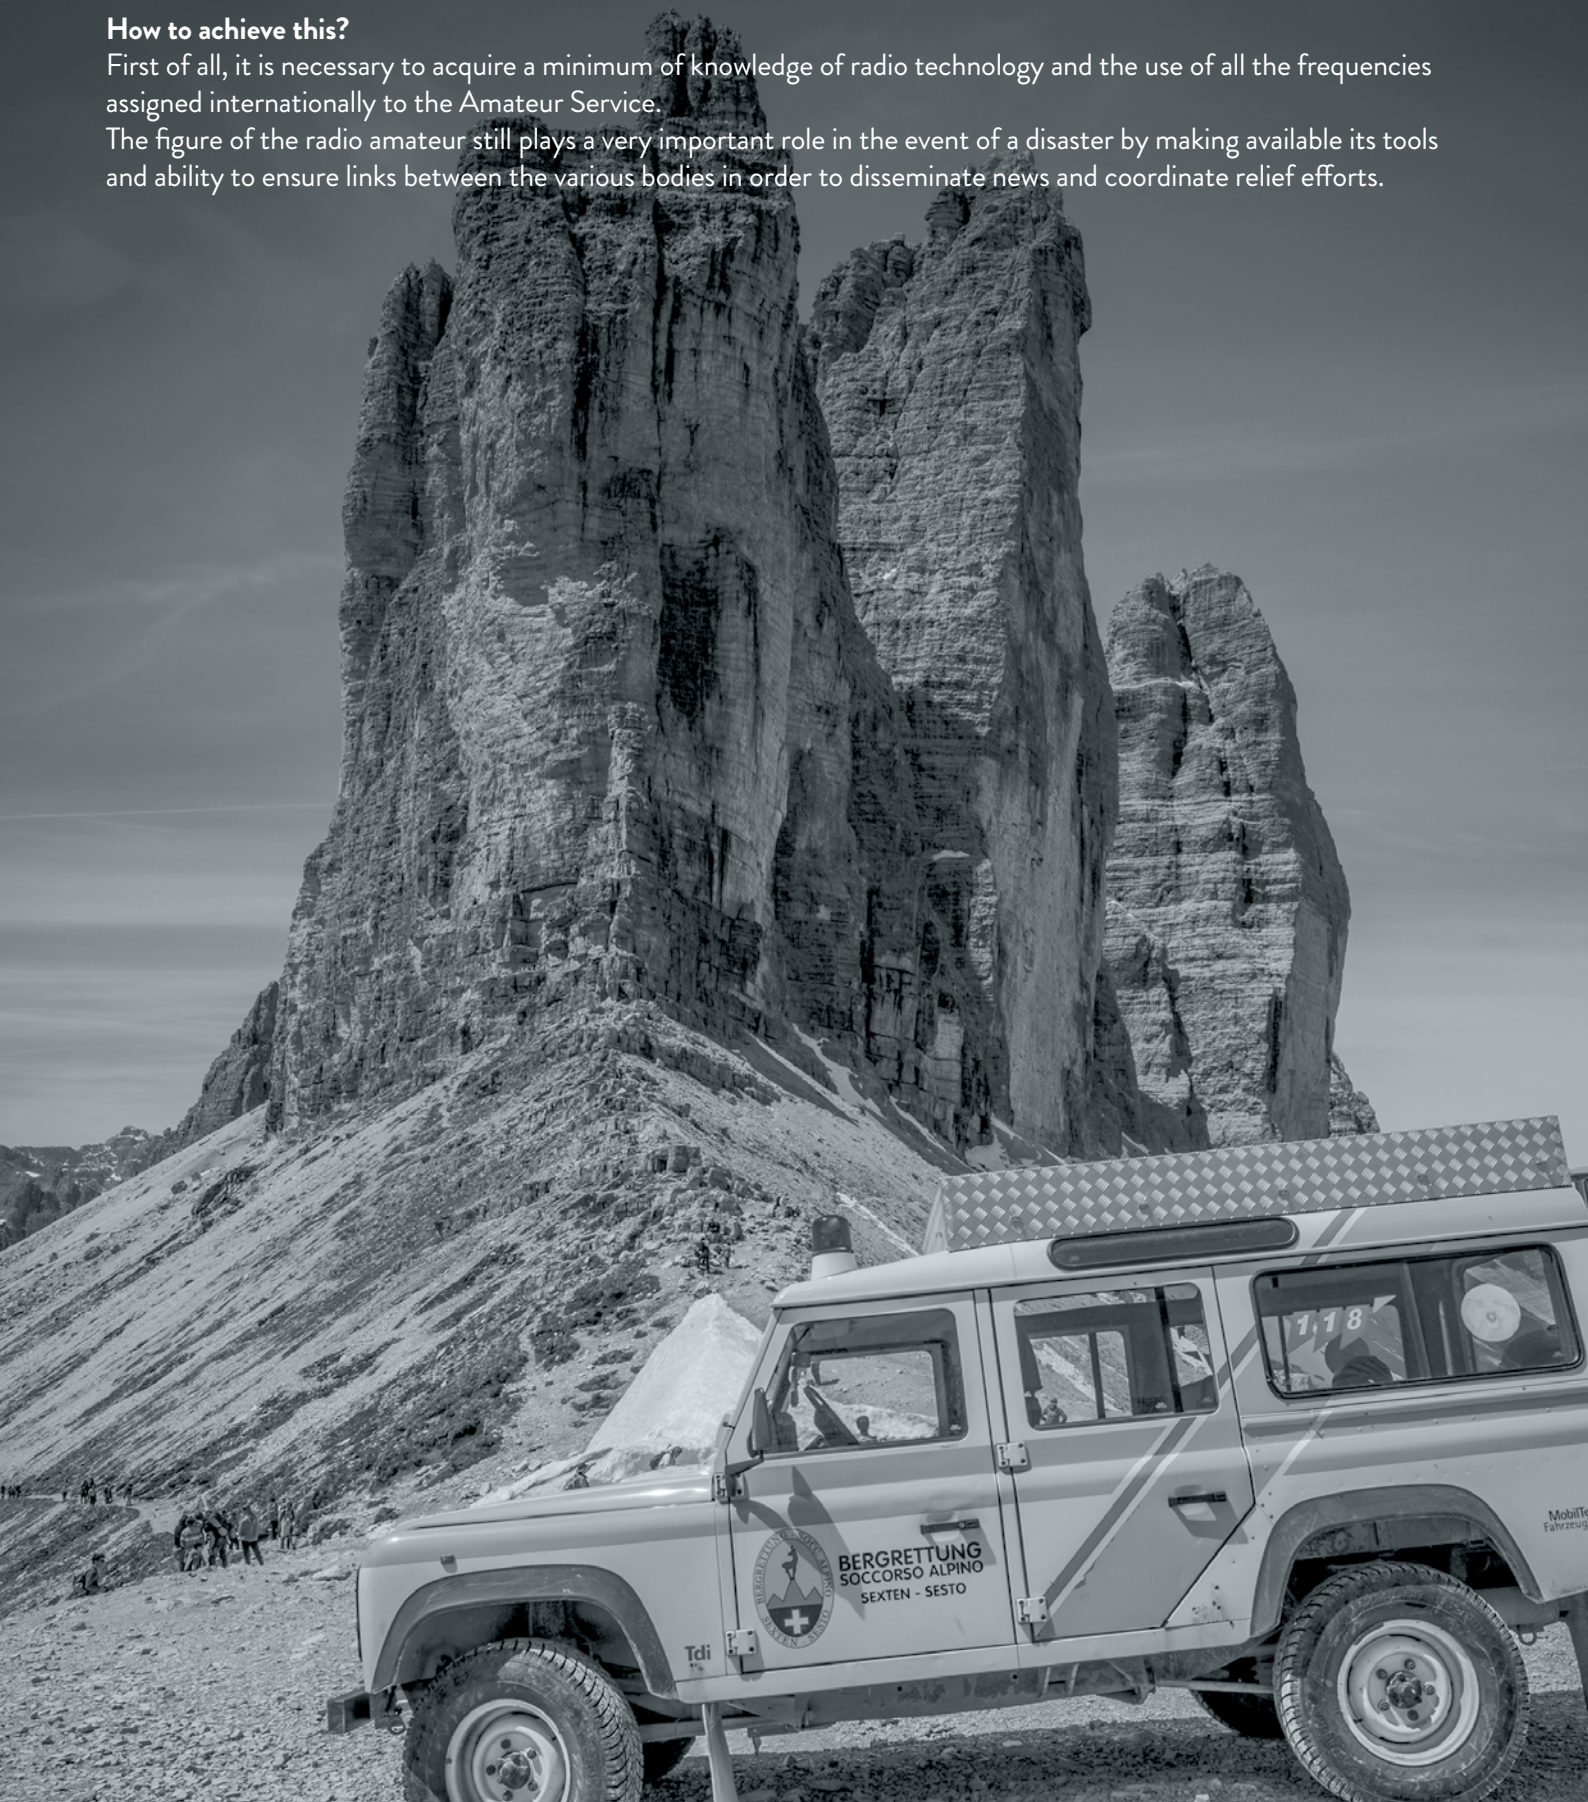

They are people who, both out of passion and out of curiosity, entered the wonderful world of radio and were able to appreciate the joy that you feel when communicating thousands of kilometres away.

From a regulatory point of view, the radio amateur is a person authorized to transmit, that is, who has obtained the so-called license and general authorization.

How to achieve this?

First of all, it is necessary to acquire a minimum of knowledge of radio technology and the use of all the frequencies assigned internationally to the Amateur Service.

The figure of the radio amateur still plays a very important role in the event of a disaster by making available its tools and ability to ensure links between the various bodies in order to disseminate news and coordinate relief efforts.

CT990-EB (EXTRA BATTERY)

The most powerful VHF/UHF, autonomy up to 21h.

CT990-EB, IP67 certified for use even in extreme conditions, has two supplied antennas that allow you to choose based on the type of use and requirements. Thanks to its **10W**, this radio has a good potential to hook up a repeater bridge, and for example reach distances of a few tens of kilometres, even 50 Km. The CT990-EB is equipped with the **Dead Man** or Man Down function, very useful when you are alone or isolated. This function constantly monitors the status of the person wearing the radio and detects a fall to the ground due to illness or injury. CT990-EB is the reliable radio you can always take with you.

Version: Dual Band VHF/UHF
Colour: Black
Frequency: 144-146 MHz
 (Export 136-174 MHz)
 430-440 MHz
 (Export 400-470 MHz)
Output power: 10W VHF/UHF

Features

- 257 memory channels
- 83 + 83 DCS codes and 38 CTCSS tones
- Selectable channel spacing 25/12.5 kHz
- Dual band VHF/UHF displayed
- Frequency band (settable according to country/area of use): 144-146 MHz & 430-440 MHz (Rx/Tx).
- Operating mode: UHF/VHF, VHF/VHF or UHF/UHF
- Selectable channel step 25/12.5 kHz
- IP67 certificate
- Dead Man function
- DQT function (private conversation)
- Wide colour LCD display
- Activation tones for repeater bridges
- Individual/group selective calls
- VOX, Side Tone, Roger Beep functions
- Voice indication of the selected "VOICE" function
- Optional display of the channel number, channel number and frequency, channel name
- Inverted frequency function
- Scan function/FM radio receiver
- Selectable transmission power: 10/5W
- Frequency offset, Shift repeater
- "Busy channel lock" function
- Output power level indicator on the display
- TOT (Time Out Timer), Keypad lock
- Reset of functions/channels
- Low battery voice announcement
- Li-Ion 3600mAh battery pack
- Accessory socket: 2-pin Kenwood

Packaging and codes

Radio, **long and short antennas**, Li-Ion 3600mAh battery pack, belt clip, desktop charger, wrist strap, wall adapter.

code C1339.01

■ Supplied with 2 antennas

 (Exp. 136-174 MHz)
 430-440 MHz
 (Exp. 400-480 MHz)
Output power: 5W VHF/UHF

Features

- 50 CTCSS tones and 208 DCS codes
- 128 channels can be stored
- 1750Hz tone for repeater bridges
- Emergency SOS function
- Channel and dual band VHF/UHF displayed
- Operation mode:
 UHF/VHF, UHF/UHF, VHF/VHF
- Output power: 5W UHF/VHF
- 3-colour LCD display with selectable backlight
- FM radio receiver (87.5-108 MHz)
- Scan, Dual Watch
- Channel Spacing: 25 kHz / 12.5 kHz
- VOX adjustable on 10 levels
- Channel or frequency mode selection
- TOT (Time Out Timer)
- DTMF Function
- Reverse function
- Emergency alarm function
- Setting up and storing channel names
- CTCSS and DCS code search function
- PTT-ID
- BCLO (Busy Channel Lockout function)
- High/low power selection
- Frequency step: 2.5/5/6.25/10/12.5/25 kHz
- Adjustable Frequency Offsets: 0-69.990 MHz
- Adjustable Offset Direction
- Squelch adjustable on 9 levels
- Voice announcement of the selected function
- Keypad lock
- Power Save (battery economy)
- Programmable from PC
- Li-Ion 1500 mAh battery pack

Complete with USB connection cable for PC

A man wearing a white hard hat and a blue work jacket with reflective stripes is focused on a laptop. He is standing on the deck of a ship, with the ocean and a sunset or sunrise sky visible in the background. A walkie-talkie is clipped to his belt. The scene is lit with warm, golden light from the sun, creating a professional and industrious atmosphere.

ARCTIC

FOR SAFETY AT SEA.

ARCTIC

The ultimate marine portable VHF radio.

Midland Arctic is an **IP67 certified** VHF marine portable transceiver combining professional technical features with sturdiness and reliability. Its functions are all at hand, including the **button to access emergency channel 16 straight away**. The antenna can be removed and thanks to the standard **SMA connector**, it is possible to use other types of antenna. The management of the Charlie and Alpha channels and functions takes place via optional programming software.

Features

- IP67 waterproof certification
- Aluminium chassis
- Transmission power: 5W
- High/low power selection (5W/1W)
- 57 international channels
- Programmable channels (through software) - also Charlie and Alpha!
- Backlit wide LCD display
- Instant access to the emergency channel 16
- VOX, SCAN function
- Dual Watch/Triple Watch
- 10 different Squelch levels
- Priority channel
- Keypad lock
- Roger Beep (end of call tone) and keypad beep
- Flat battery indicator and automatic battery saver
- Power supply: Li-Ion battery pack
- 2-pin Motorola accessory socket

CB: contribution of €12 and declaration of activity have been abolished

The decree issued on 17/7/2020 which sanctions the liberalization of the CB band (40 channels) has finally become law.

Thanks to Law No. 120 of 11 September 2020, it is now no longer necessary to fill in and submit the self-certification to the Italian Ispettorato Territoriale and pay an annual contribution of €12.

**THICKNESS:
ONLY 77 MM**

FRONT SPEAKER

Midland 88 is the most versatile CB radio: compatible with all DIN compartments. It is your inseparable travel companion: on trucks, off-road, in cars and caravans. What other options? You can put it on the dashboard and attach it to the windscreen with the suction cup attachment. Find the right solution for you!

With a large multicolour TFT display, filters to eliminate unwanted noise and a universal power socket (12/24 V), what more do you want from the highly compatible M88?

Features

- Band: Multi (see page 74)
- CB DIN SIZE
- Ultra thin, only 77mm!
- 12/24V power supply
- 3 different supports supplied: fixing bracket, DIN bracket, suction cup mount
- Aluminium chassis

- Wide colour TFT display
- Automatic digital squelch adjustable on several levels
- Emergency channels 9/19
- Noise Blanker and HIC Filters
- Automatic switch-on
- 4 channel memories
- PA function (Public Address)
- Up/Down/Priority channel microphone
- S-Meter
- Dual Watch, Roger Beep
- External loudspeaker socket
- 6-pin microphone connector

Packaging and codes

1 transceiver with power cable, microphone, microphone holder, mounting bracket, Din Size bracket, suction cup mount, fixing screws, protection fuse.

code C1435

MIDLAND 88

THE THINNEST CB DIN EVER

SUMMER

6.5L TURBO DIESEL

ALAN 48 PRO

The multiband CB for European travel.

The new **Alan 48 Pro** is the top of the range multiband, the CB line expressly conceived for trips and routes in different European countries. What does this mean? It means that **Alan 48 Pro** has an adjustable power – 1W/4W – to be adjusted to the frequencies and regulations of the country in which it is used. With a power supply voltage of 12/24 V, **Alan 48 Pro** does not need reducers and it is of easy installation in the dashboard compartment, thanks to the DIN bracket (optional).

Alan 48 Pro is high tech and complete in facing all sorts of noises: it is equipped with the Digital Squelch, that eliminates the background swish and the Noise Blanker, to cancel the environmental noises.

Features

- Band: Multi (see page 74)
- Output power: 1W/4W depending on the country
- DS: Automatic Digital Squelch
- Noise Blanker/ANL filters
- Power supply voltage: 12/24V
- Blue back-lit multifunction display
- “Precision series” microphone with Up/Down/Lock buttons
- Squelch
- RF Gain: sensitivity control in RX
- MIC Gain: microphone amplification
- 4 memory positions
- Emergency channel
- Scan function

- Dual watch function
- External S-Meter socket
- PA: by enabling this switch, the device becomes a low frequency amplifier (with the help of an additional speaker)
- External speaker socket
- 6-pin microphone connector

Packaging and codes

1 radio, microphone, mounting bracket, fixing screws.

code **C422.16**

EXPORT VERSION: 400CH

ALAN 78 PRO

The compact multiband CB radio.

The new **Alan 78 Pro** is the compact and essential CB radio dedicated to multiband: that is, to the CB frequencies related to travelling and routes in multiple European countries. What does it mean? It means that **Alan 78 Pro** has adjustable power - 1W/4W – that can be adapted to specific frequencies following the laws of the country in which you are travelling. With a 12/24 V power supply, **Alan 78 Pro** does not need reducers and can be easily installed in the dashboard compartment thanks to the DIN bracket (optional). **Alan 78 Pro** is high tech and perfect even when dealing with noise: its Digital Squelch eliminates background noises, while its Noise Blanker eliminates continuous environmental noise.

Features

- Band: Multi (see page 74)
- Output power: 1W/4W depending on the country
- DS: Automatic Digital Squelch
- Noise Blanker/ANL filters
- Power supply voltage: 12/24V
- Blue back-lit multifunction display
- “Precision series” microphone with Up/Down/Lock buttons
- Squelch, Scan
- LCR function (to recall the last channel that was used)
- External speaker socket
- External S-Meter socket
- 6-pin microphone connector

Packaging and codes

1 radio, microphone, mounting bracket, fixing screws.

M-MINI USB

The small CB Radio with USB socket.

Discover the video

**REMOVABLE
MICROPHONE**

Are you looking for a CB radio that's easy to install?

M-Mini USB is your answer: essential, 40 channels, can be powered by connecting it to the cigarette lighter outlet using the power cable included in the package.

On the front, there is a practical USB socket so that you can recharge all your devices: smartphones, tablets... and a RJ45 socket, which makes the microphone removable.

The aluminium chassis is the finishing touch of **M-Mini USB**, making it robust and resistant to any movement.

Features

- 40 AM/FM channels
- Selectable frequency bands: I, 12, DE, EU, EC, PL, UK, IN (see page 36)
- Output power: 4W AM/FM
- Up/Down buttons on the microphone
- Channels scan
- LCD display with S/meter
- Double squelch mode (9 and 28 levels)
- Adjustable reception attenuator (RF gain)
- Emergency channel 9/19
- External loudspeaker socket

- Removable microphone with RG45 connector
- USB recharge socket
- Power cable with cigarette lighter plug

DUAL MIKE WIRELESS

The Bluetooth microphone of the CBTalk App community.

■ Customisable Light Ring with light indications

Discover the video

Bluetooth™ 4.2

Lose the wire... but remain connected!

The **Dual Mike Wireless** presents itself as a classical CB microphone, but is much more.

Dual Mike Wireless has **dual PTT** in one microphone to use with the CB Talk App and the CB in wireless mode, the **hands-free function** to answer calls and a **superb speaker** to listen to music via Bluetooth.

The new **AGC** (Automatic Gain Control) function allows the **Dual Mike Wireless** to better capture the voice, keeping it at a distance from the mouth from zero to one meter. The connection to the **PTT-Dual in BLE** (Bluetooth low energy - low consumption) allows getting the best out of the **Dual Mike Wireless** in hands-free mode.

Discover its functions with the dedicated **CB Talk app**.

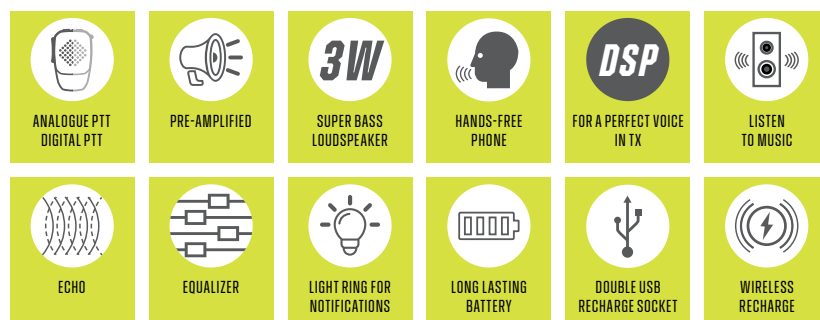

Features

- 3W speaker with Labyrinth™ technology that emphasizes bass tones
- Dual PTT
- 8-band voice equalizer
- ECHO function
- Roger beep
- Smartphone/ Dual Mike distance up to 30m
- Bluetooth V4.2 Wireless Microphone
- Dual USB Micro Recharge socket
- Compatible with wireless charger (via Optional DK-Dual)
- 10h battery life with volume at 50%,
- Weight 153 g
- Preamplified Microphone with DSP (Digital Signal Processor) for a perfect voice
- Multifunction key
- Customisable Light Ring with light indications
- Hands-free function

Packaging and codes

Microphone, recharging USB cable, microphone holder with adhesive support.

code **C1363**

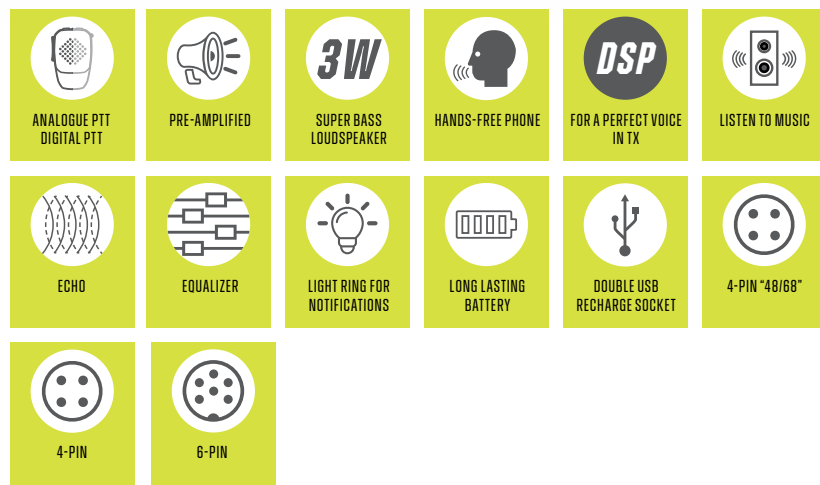

CB HANDSFREE KIT

The 1st hands-free communication system for CB.

Discover the video

 Bluetooth™ 4.2

The new MIDLAND kit allows talking via CB while driving, without moving your hands from the steering wheel.

It is precisely the new 2020 Highway Code that allows us to focus on the great potential of the new communication system: the ability to communicate HANDS-FREE by placing the microphone comfortably on the dashboard and pressing a button on the steering wheel.

This system prevents incurring the now harsher penalties provided for those who are caught driving with a CB microphone in hand (even if so far "tolerated") or with a smartphone.

No more distractions. No more fines.

The kit includes: Dual Mike, PTT-Dual with 3 types of attachment, micro-USB recharge cable, microphone holder with adhesive support.

Dual Mike has **dual PTT** in one mike to use with the analogue CB via the CBTalk App, **hands-free** to answer calls, a **superb speaker** to listen to music via Bluetooth. The new **AGC** (Automatic Gain Control) function allows the **Dual Mike** to better capture the voice, keeping it at a distance from the mouth from zero to one meter. The **Dual Mike** connection to the **PTT-Dual** in **BLE** (Bluetooth low energy - low consumption) allows getting the best out of the **Dual Mike** in hands-free mode. **Discover its functions with the dedicated CBTalk app.**

Features

- 3W speaker with Labyrinth™ technology that emphasizes bass tones
- Dual PTT
- 8-band voice equalizer
- ECHO function
- Roger beep
- Smartphone/ Dual Mike distance up to 30m
- Bluetooth V4.2 Wireless Microphone
- Dual USB Micro Recharge socket
- 10h battery life with volume at 50%, 15h with CB only
- Weight 290g with cable
- Multifunction key
- Customisable Light Ring with light indications
- Preamplified Microphone with DSP (Digital Signal Processor) for a perfect voice
- Hands-free function
- Connecting cable to the traditional CB (with 4-Pin 48/68, 4-Pin and 6-Pin connectors)

Packaging and codes

PTT-DUAL

Bluetooth button to communicate hands-free while driving... with no penalties! For fans of the digital world.

Bluetooth Low Energy (B.L.E.) button to talk hands-free via CB radio, without taking your hands off the steering wheel.

For Dual Mike and Dual Mike Wireless.

The built-in battery guarantees a duration of 1 year with an average use of 9h/day.

How is the PTT-Dual used?

- 1) Pair with telephone via Bluetooth;
- 2) Place on the steering wheel or in a comfortable position while driving;
- 3) Press the button to answer the phone call or to transmit the voice via the CB Talk App, without ever taking your hands off the wheel.

Packaging and codes

Main PTT, steering wheel mount for main PTT, optional PTT with wire, external PTT finger, 2 velcro stickers, CR2032 lithium battery included.

code **C1488**

CB TALK

The app that connects roads around the world

CB Talk is the revolutionary application that lets you talk to other users in analogue or digital mode.

CB Talk is the free downloadable app used by over 1 million users around the world to talk to friends and colleagues freely. The interface that appears on the App's screen closely resembles the controls found on the widespread Midland Alan 48 CB radio and the functions, although digital and advanced, are very user friendly.

By combining the Dual Mike/Dual Mike Wireless with the CB Talk app, the following features are added: 200km of Squelch, 80 channels, possibility to create public and private groups and the creator is also the administrator of the group.

Download CB Talk App

DUAL HEADSET

Bluetooth headset with built-in transmission button to communicate hands-free.

Good communication with the work group translates into good company management and is achieved thanks to an excellent quality of transmission in real time and a timely passage of information. Maximum comfort and versatility of the headset that can be worn in the right or left ear depending on preference. The MWE noise cancellation algorithm developed by Midland allows the transmission of a perfect voice.

Through the **Dual Headset** you can easily connect to the Midland apps: **CB Talk** and **BT Talk**.

Specifications

- Battery life 8 hours
- Customisable button
- Dual microphone
- Noise cancellation
- Two-colour LED
- USB charge
- Versatility (right or left ear)

Packaging and codes

Bluetooth headset, spare silicone headsets (S/M/L), USB cable code **C1521**

BLUETOOTH MICROPHONES ACCESSORIES

DK-Dual C1364

Docking station: wireless recharge support. For **Dual Mike Wireless**.

VM-Dual C1407

Air vent fixed support. For **Dual Mike Wireless**, **Dual Mike**.

AM-Dual C1408

Dual Mike adhesive support kit. For **Dual Mike Wireless**, **Dual Mike**.

AL-Dual 48 C1403

Voltage reducer 12V-5V and Micro USB for Alan Quarantotto, Alan Sessantotto. For **Dual Mike**, **DK-Dual**.

AL-Dual C1403.01

Voltage reducer 12V-5V and Micro USB for all other Midland CB radios. For **Dual Mike**, **DK-Dual**.

A man with a beard and glasses, wearing a white shirt, is driving a truck. He is holding a black Midland CB microphone in his right hand. On the dashboard, a black Midland CB radio is mounted. The truck's interior is visible, including the steering wheel, dashboard, and gear shift. The background shows a road with trees.

CB ACCESSORIES

MICROPHONES-MICROPHONE HOLDERS-BRACKETS ETC...

4-pin

R51504

Microphone Alan 100 Plus B, Midland 203, Alan 199, Midland 210 DS, M-10 and M Zero Plus.

4-pin "48"

MDL4190 C074

Omni directional dynamic microphone. Impedance 500 Ohm. For Alan 48, Alan 68S, Midland 8001-XT.

4-pin "48"

Mike Midland T059.01

Omni directional dynamic microphone. Impedance 500 Ohm. For Alan 48, Alan 68S, Midland 8001-XT.

6-pin

Mike Multi C714.01

"Precision series" microphone with Up/Down buttons, Lock button. For series Plus Multi, Excel, Midland 248, 248 XL, 278, Alan 121.

6-pin

MR120 C404.01

Electret microphone with Up/Down buttons. For series Pro, Plus Multi, Excel, Midland 248, 248 XL, 278, Alan 121.

Microphone holders

PM3 T431

Microphone holder with screw fastening and bi-adhesive.

Potentiometer

Kit250

Potentiometer kit for Alan Quarantotto, Alan Sessantotto, consisting of 4 pieces.

3x

Speakers

SPM-48 Din C791

DIN bracket for Alan 48 Plus Multi B/Excel Multi, Midland248/248XL, Alan 48 Pro.

SPM-78 Din C792

DIN bracket for Alan 78 Plus Multi B, Midland 278, Midland M20, Alan 78 Pro.

SPM-100 Din C807

DIN bracket for Alan 100 Plus, 100 Plus Euro, Alan 100 Plus B, 199-A, Midland 203, Midland 210, Midland M10.

SA 48 T769

Complete with 1 bracket, 2 slides, 2 handles, 2 screws. For Alan 48, 68S, Alan Quarantotto, Sessantotto.

Cables

R74574

2 m long mike extension cord for M-5/M-30/CT3000.

T060

3-pole lead with fuse-holder. Length: 160 cm. For Alan 48, Alan 68S.

NEW

AU50 EXTREME

The rugged and powerful (20W) external IP67 speaker for vehicle radios.

AU50 Extreme is the additional heavy-duty external speaker for vehicle radios designed by Midland to guarantee premium level audio quality in every situation. On the road, at sea, wherever you are, **the AU50 Extreme** delivers 20 Watts of power. IP 67 certified for watertightness, it is totally protected against dust, sand and any small solid body, as well as resisting immersion up to 1 meter deep for 30 minutes.

These conditions make it the ideal choice for use on boats, ATVs, Quads, etc. but also the perfect travel companion in all situations with loud ambient and background noises, because they are overpowered by the sound emitted.

AU50 Extreme is compatible with most transceivers on the market, thanks to the provision of a 2.10-metre cable that can be connected to the 3.5 mm jack socket.

Specifications

- Exceptional sound, up to 20 Watts of power
- Rated power 15W
- Audio frequency response: 20 Hz / 20 kHz
- Impedance: 8 ohm
- Water and dust resistant (IP67)
- High degree of compatibility with most transceivers, CBs, marine radios, etc.
- Cable length: 2.10 m
- Dimensions (with bracket) 142 x 129 x 110 mm

Packaging and codes

Speaker, 2.10 m cable with 3.5 mm jack.

code **C1574**

NEW

MIKEMAG HOLDER

Magnetic CB microphone holder.

Midland's latest innovation is a magnetic CB microphone holder that can be attached to the dashboard of the car, truck, or 4x4.

The Mikemag holder is a superior-quality, safe and reliable companion for all your trips.

Compatible with all CB microphone models.

Packaging and codes

Microphone holder

code **C1592**

EXTERNAL SPEAKERS

AU 20 T775

External speaker 5W max.
Impedance: **8 Ohm**, Rated power **2 W**
Maximum power **5 W**, Size **65x55x65mm**.

AU 30 T682

External speaker 12W max.
Impedance **8 Ohm**, Rated power **7 W**
Maximum power **12 W**, Size **110x60x60mm**.

AU25E T681.01

External speaker 5W max.
Recommended for VHF professional mobile transceivers Alan HM35/70/06
Impedance **8 Ohm**, Rated power **3 W**
Maximum power **5 W**, Size **100x60x60mm**.

SWR METER WATTMETER

KW 520 C530

Suitable for checking transmitter power and antenna adaptation, with two separate measuring lines, one from 1.8 to 200 MHz and the other from 140 to 525 MHz. This enables the simultaneous connection of 2 systems: one in HF/VHF and the other in VHF/UHF and select which to use to take the measurements with the specific switch. The measurement line selected is displayed by the specific LED. With the possibility of measuring peak or medium value, fine calibration of the index, base scale duplicator button of power from 200 to 400 W.

RF power 5W - 20W - 200W - 400W
R.O.S. 1:1 / ∞
Impedance 52 Ohm
Frequency range 1.8 - 200 MHz/140 - 525 MHz
Size in mm 155x100x60
Weight 730 g
Connector SO239

POWER SUPPLIES

SW35 47500

Input voltage 220-230Vac-50Hz

Output voltage 13.8Vdc
Rated output current Max 10-12A

CAR AND TRUCK CB ANTENNAS

Lux antennas: illuminate when transmitting

Midland Lux is the genesis of a new line of CB antennas, designed to make the installation of the best "CB radio" on vehicles unique. The antenna base is fitted with a wave guide that glows when it is crossed by radio frequency. It automatically illuminates when the radio is transmitting, thus signalling the correct operation of the device. It does not need any power and is totally waterproof. **LUX1500-S** and **LUX 1000-S**: Anti-theft and protection hinge. **LUX 1500-PL** and **LUX 700-PL** suitable for gutter, mirror, centre roof mount (accessories not included). With the **KIT** they become magnetic (see page 70).

CAMPER CB ANTENNA

Enables easy and quick installation
on your camper.

RV65 C1558

A good antenna allows the CB transceiver to work at its best.

RV65 in fact avoids piercing the bodywork and has a super resistant 3M adhesive, top of the range of its kind. It does not require a ground surface, so unlike the antennas normally on the market, RV 65 is installed directly on the glass.

Our antennas have a well-structured radial system, essential for obtaining optimal propagation and durability over time.

MAGNETIC BASES, BALCONY/BASE AND VHF/UHF ANTENNAS

Vehicle magnetic antenna

MC45 C1559

Vehicle antenna operating on the 26-28MHz band. MC45 is equipped with a magnetic base, therefore it must be installed on a metal surface of at least 1 m². The stylus is made of stainless steel and is protected by a heat shrink sleeve. The connection cable to the RG-174 radio is 4.5 m long. The magnetic force of the antenna is guaranteed up to a speed of 140 km/h.

CB base antennas

EQUIPPED WITH A SYSTEM TO PROTECT AGAINST WATER LEAK

EQUIPPED WITH A SYSTEM TO PROTECT AGAINST WATER LEAK

Energy New 1/2 T241.02

Energy New 1/2 is a telescopic base antenna, ground plane at 1/2 lambda, operating on 27MHz, built in anti-corrosion aluminium. All elements are telescopic and facilitate installation.

Energy New 5/8 T242.02

Energy New 5/8 is a telescopic base antenna, ground plane at 5/8 lambda, operating on 27MHz, built in anti-corrosion aluminium. All elements are telescopic and facilitate installation.

Magnetic bases

BM-MLC143 C1183

Developed for the ML 143 antenna, it is designed to withstand high speed. Equipped with scratch resistant magnet-covering cap. Supplied with PL mount (already installed).

120/PL T036

Designed to withstand high speeds. Equipped with scratch resistant magnet-covering cap. Supplied with attachment for PL (already installed).

Stainless steel mount
Size: 38x100x180mm

Trunk PL C1616

CB antenna bonnet mount that requires no drilling of bodywork.

Intended to be used for any type of on-vehicle transceiver (CB, professional, amateur or nautical). **Trunk PL** is equipped with a 6-metre cable with detachable radio-side connector to allow easy routing of the cable through the vehicle.

This simple universal antenna mount is perfect for anyone wishing to avoid the need to drill holes in their vehicle, but seeking a solid antenna support that delivers reliable communications both on- and off-road.

Not suitable for fibreglass bonnets.

The SO239 connector means any antenna equipped with a PL259 connector can be used.

SP 21 T390

Mirror mount. Enables the installation of any mobile antenna on the rear view mirror, avoiding unsightly holes in the bodywork.

DV 27 PL T599

Centre roof adapter
DV/SO239.

SC 27 T441

Special screw.

LC 27/10-N T370.01

Connector.

FC 27 T478

Antenna base with screw, connector for FC 27 and base for Midland antennas.

Connectors

PL259/R T292.02

PL 259/RL T377

NEW: MIDLAND TRAP CAMERAS

Discover the power of surveillance with Midland trap cameras!

Thanks to their advanced motion sensor, these trap cameras capture snapshots and videos of anything that moves in front of them. They never stop: operating both day and night, thanks to powerful infrared LEDs that ensure sharp images even in the darkest hours. Capture every moment with the precision and reliability of Midland trail cameras. In addition to hunting, trail cameras are the ideal tools for studying wildlife and protecting crops and properties from animal damage. They are also used for outdoor security surveillance (country houses, fields, wooded areas) and against illegal waste dumping in public and private areas.

Security becomes an art with advanced technology at your fingertips.

WILD GUARDIAN WI-FI

Innovative wireless video surveillance system that captures every movement day and night.

4K
ULTRA HD

Wild Guardian Wi-Fi has been designed to record animal film footage during the day and also at night by means of **infrared LEDs** (46 LEDs) and outstanding **image quality** (24 megapixels). When the trap camera is positioned in places that are difficult to access, thanks to the **Wi-Fi connection** it can be managed remotely directly from your smartphone via the App (Android and iOS), to adjust the settings and view the footage in real time on your phone.

The incredibly fast activation time of just **0.4 seconds** and wide **70-degree viewing angle** allow you to reliably capture every smallest detail of any animals passing in front of its field of view – even for just a few moments.

The possibility of choosing between the **three modes of use**: Photo, Video and Photo/video allows the optimization of battery consumption, determined by the number of activations of the shooting system.

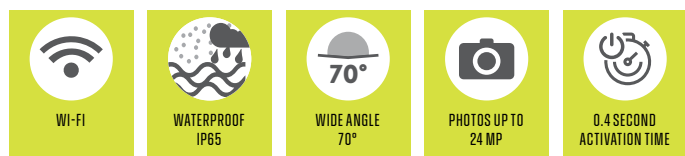

The integrated 2-inch display makes setting up the camera extremely simple and fast, with the possibility of immediately reviewing what has been recorded.

With a mimetic look to best camouflage in the surrounding environment, **Wild Guardian Wi-Fi** is not afraid of adverse weather conditions: it is **water** and dust **resistant** according to the international IP65 standard.

Packaging and codes

Video camera, mounting base, jointed screw support, USB-C cable, fixing belt, screws and plugs.

code **C1623**

WILD GUARDIAN

Innovative video surveillance system that captures every movement – day and night.

4K
ULTRA HD

The **Wild Guardian** trap camera is designed to record the movements of animals, both day and night, thanks to 10 infrared LEDs. During the night hours, visibility is guaranteed up to 15 meters, ensuring clear images even in low light conditions.

The excellent resolution of **20 megapixels**, the incredibly fast trigger time of just **0.4 seconds** and the wide **viewing angle of 70 degrees** allow you to reliably capture every minute detail of the animals that cross its view even for just a few moments.

The possibility of choosing between the **three modes of use**: Photo, Video and Photo/video allows the optimization of battery consumption, determined by the number of activations of the shooting system.

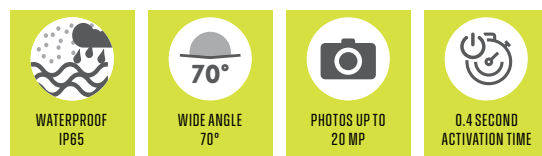

The integrated 2-inch display makes setting up the camera extremely simple and fast, with the possibility of immediately reviewing what has been recorded.

With a mimetic look to best camouflage in the surrounding environment, **Wild Guardian** is not afraid of adverse weather conditions: it is **water** and **dust resistant** according to the international IP65 standard.

BIKE GUARDIAN PRO

More high-tech, more safety, more emotions.

2K
QUAD HD

NEW

Bike Guardian Pro is the motorcycle dash cam designed by Midland to guarantee the total safety of your vehicle. This model offers unprecedented video quality thanks to the latest generation processor which, combined with the 2K resolution and the Sony sensor, makes the images even sharper.

The use of recorded content becomes more and more pleasant: the **image stabilizer** reduces the oscillations caused by the vibrations produced by driving on the road and the microphone sensitivity adjustment reduces the background noise generated by the wind, for superior audio quality.

Integrated Wi-Fi means seamless connectivity to the camera, allowing live streaming and remote control of images using a smartphone or tablet.

Bike Guardian Pro, certified **Waterproof IP65**, is water-resistant and its entirely aluminium body makes it shock-proof. Perfect features also for any outdoor activity.

Dash cam/action cam mode

Perfect for motorcycles, ideal for all outdoor activities.

Superior video quality

With 2K resolution, Sony sensor, 2h of battery life and latest generation processor

Integrated Wi-Fi

Control via the Vsysto app provides live streaming.

Unique recordings

Image stabilizer and microphone sensitivity adjustment.

Packaging and codes

Video camera, handlebar mount, camera support for handlebar mount, adaptor for different diameter tubes, rapid-mount video camera support, quick fit slide mount, bi-adhesive tape for slide mount, quick fit, fixing screw for quick fit, Allen key, USB-C cable.

BIKE GUARDIAN PRO

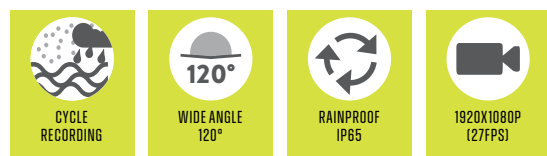

TOP QUALITY.

BIKE GUARDIAN

The first motorcycle dash cam.

1080P
FULL HD

■ **Waterproof USB cable included**
(available also as an option - C1457)

Bike Guardian, the motorcycle camera with FullHD resolution, designed and made to be another “eye” that records everything that happens while you are riding.

Highly useful in the event of an accident to prove who was involved and who was to blame.

Bike Guardian is the first motorcycle camera with continuous recording.

Connected to the motorcycle USB socket with the cable supplied, it starts recording automatically when the motorcycle is switched on and turns itself off when it is switched off.

Bike guardian can be used also as a traditional action cam and, thanks to its integrated battery, allows up to 2 hours recording.

Integrated microphone and speaker.

Rainproof

Bike Guardian is able to withstand bad weather, mud and dust, ensuring a video without interruptions. Even the cable, which connects the camera to the motorcycle socket, is rainproof.

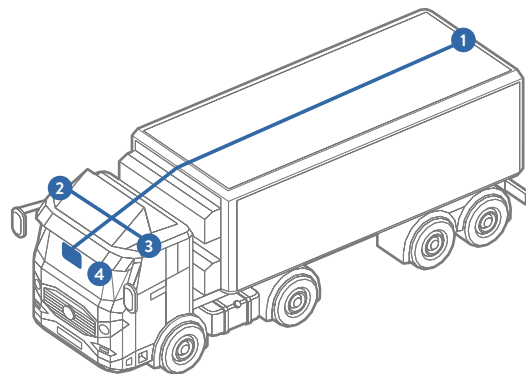

Packaging and codes

Video camera, lock mount, handlebar mount, bi-adhesive flat mount, bi-adhesive curved mount, quick fixing, screw, GO-PRO adaptor, strap mount, USB cable, USB rainproof cable, wrist belt.
code **C1415**

TRUCK GUARDIAN WIRED

The wired surveillance camera for large-sized vehicles.

- Connect up to 3 cameras
- Night vision

NEW

Truck Guardian Wired is the wired version of the Truck Guardian Pro truck camera, designed to improve manoeuvring visibility and vehicle safety.

Equipped with a trigger for up to 3 cameras and a menu that can be customised remotely with the remote control, this new model is even more stable and cost-effective. The monitor and camera kit with 18 infrared LEDs is a perfect driving aid both by day and by night.

No more blind spots with Truck Guardian Wired

High-resolution monitor

Truck Guardian Wired is equipped with a Full HD TFT LCD monitor.

Customised footage

With trigger for up to 3 cameras and activation control. Possibility to rotate and mirror the image (based on how the camera is installed), and to have a full-screen view of the installed cameras.

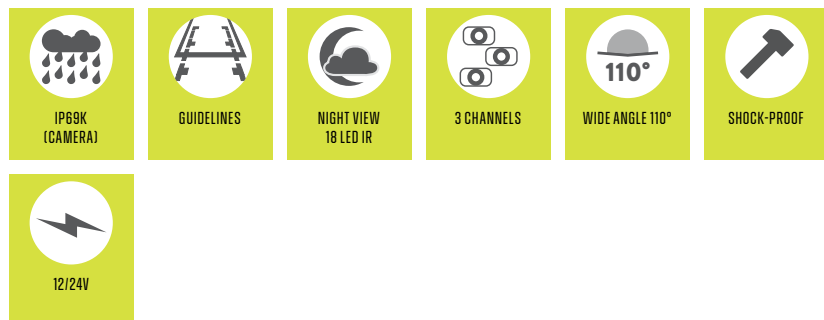

Night vision and brightness control

18 infrared LEDs ensure optimum viewing during darkness. Monitor equipped with automatic brightness adjustment.

Packaging and codes

Monitor and camera fitted with sun shield, power cable and camera connection (for monitor), 20m extension cable for connecting monitor to camera, remote control, monitor mount support, Allen key, bi-adhesive tape.

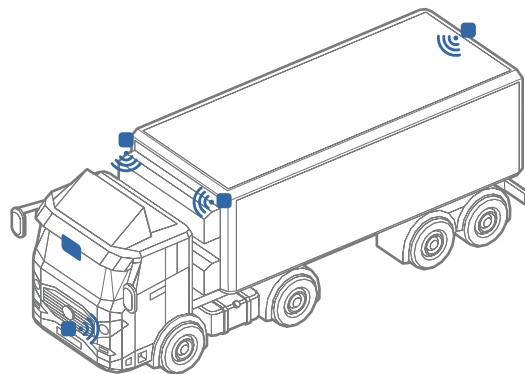

code C1617 Truck Guardian Wired (monitor and camera)
code C1618 Truck Camera Wired (camera only)

TRUCK GUARDIAN PRO

Professional wireless video surveillance system.

NEW

- Extremely easy wireless installation
- With digital recorder (SD card)
- Connect up to 4 cameras
- Night vision

Truck Guardian Pro is a very useful truck camera as an aid during manoeuvres and driving support, also thanks to the reversing video camera. It also becomes an invaluable aid for trailer surveillance. Truck Guardian Pro is a kit made up of a monitor + video camera that can help the truck driver with extra control, thanks to recording on an SD card.

The perfect kit to make every trucker's life easier.

Manoeuvring aid

thanks to the reversing camera.

Trailer surveillance

both internal and external.

Night vision

thanks to the 18 infrared LEDs. In addition, a 7" monitor with an improved resolution from 480p to 1080p which provides sharper images.

Wide range

guarantees good image reception even in trailing or armoured vehicles.

Scalability

Possibility to add up to 4 cameras.

Packaging and codes

Truck Guardian Pro

Monitor with Wi-Fi antenna, sun shield, bracket and fixing screws, camera with Wi-Fi antenna, bi-adhesive tape and Allen key.

code **C1512**

Additional Truck Camera Pro

Video camera with Wi-Fi antenna and sun shield.

TRUCK GUARDIAN PRO

EASE OF INSTALLATION AND SAFETY: WIRELESS, WITH BUILT-IN DIGITAL RECORDER.

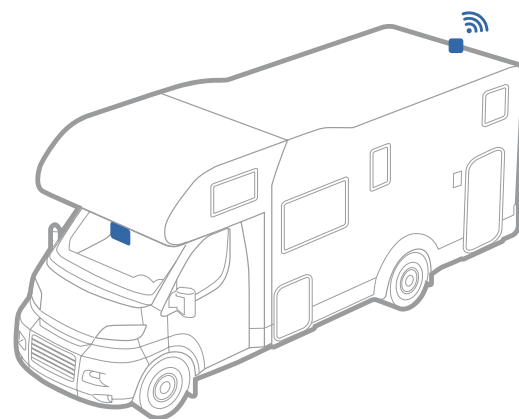

WIRELESS RV CAM

THE PLUG & PLAY REVERSE
GEAR KIT FOR RV

WIRELESS RV CAM

“Plug & Play” reversing camera kit for campers.

■ Extremely easy wireless installation

Wireless RV Cam has an immediate installation thanks to the suction cup mount of the monitor and the magnetic base of the camera that do not require any configuration. The wireless rear view camera can eliminate most blind spots and offers safer angled viewing when reversing.

Ideal for motorhomes, campers or caravans.

The switching on and off is automatic, it does not require external power supply as it is equipped with an integrated 2160mAh lithium battery.

Plug & Play

Setting up the Wireless RV Cam is super simple. The video camera can only be fixed with the magnetic base (therefore removable) or with screws (the camera can also be removed from the mount).

Automatic

The switching on and off is automatic, so Wireless RV Cam does not need any external power supply. The built-in 2160mAh lithium battery has an autonomy of 6-8h (continuous use).

Maximum comfort

Other than being an aid in manoeuvring (including trailer coupling), Wireless RV Cam carries out surveillance in the rear of the vehicle or from inside the trailer, etc.

Packaging and codes

Video camera with magnetic attachment base, monitor, suction cup mount, USB charging cable/jack, adhesive velcro fastening, fastening screws.

H9 PRO

THE TOP OF THE RANGE OF MIDLAND ACTION CAMS

Discover the video

H9 PRO

The top of the range of Midland action cams dresses in black with triple functions.

4K
ULTRA HD

WI-FI	SUBMERSIBLE CASE 30M	2" LCD DISPLAY TOUCH SCREEN	VIDEO/PHOTO	WEB CAM	CYCLE RECORDING
DIVING MODE	IMAGE STABILIZER	TIME LAPSE VIDEO/PHOTO	MOTION DETECTION	SELECTABLE WIDE ANGLE	

- External Microphone micro USB for H9 Pro C1531
- External USB-C Microphone for H5 Pro/H9 Pro C1582

H9 changes its look and triples its functions in the **Pro** version. Perfect for your moments of madness with 4K HD resolution, 30fps and 20MP, viewing angle adjustable from the menu: 100°, 110°, 130°. It is waterproof up to 30m underwater, has an autonomy of 2 hours and 128GB of memory to record up to 18 hours of video. The touch screen also provides more efficient, intuitive and faster operation than other cameras without a touch screen. You can control the camera with the remote control and manage it via the dedicated app: iSmart DV.

Triple function

Action Cam/Dash Cam/WebCam

Display touch screen

The 2-inch IPS display shows a clearer and brighter image than LCDs, and the touch screen ensures faster, more efficient, intuitive operation than other cameras that do not have it.

7 video modes

Loop, time-lapse, slow motion, fast motion, dash cam, web cam, diving. And it has 5 photo modes: normal, burst, timed, self-timer, long exposure.

High performance microphone

Automatic suppression of noise and wind thanks to the WNR (wind noise reduction) function.

For motorcycle use

An external microphone is available to comment on your travels or record the roar of your engine (optional accessory, code C1531)

Waterproof

Waterproof case up to 30m.

Wi-Fi

It is easy to use even from a distance: thanks to the built-in Wi-Fi, through smartphone or tablet (iOS and Android) up to 15 m.

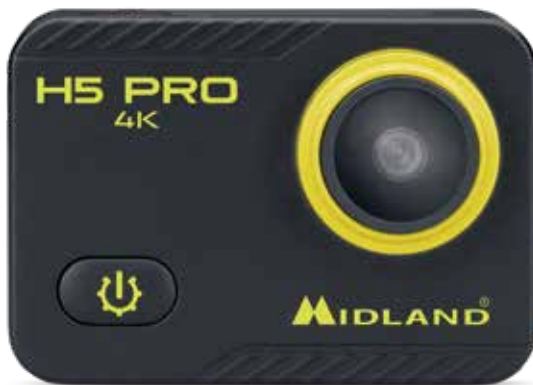

Packaging and codes

30m waterproof case, handlebar mount, 1050mAh Li-Ion battery pack, quick coupling (x2), screw coupling, 90° support (x2), coupling with photographic screw, 180° support, flat base support (x2), USB cable, clamps, fastening clamps, metal clamp, cleaning cloth.
code C1518

H5 PRO

The action cam to relive all the colours and details of your adventures.

4K
ULTRA HD

 TIME LAPSE VIDEO/PHOTO	 CYCLE RECORDING	 WIDE ANGLE 120°			

■ External USB-C Microphone for H5 Pro/H9 Pro C1582

H5 changes look and becomes **Pro**, bringing video quality to 4K 30fps!

The equipment includes integrated Wi-Fi, 4K recording, 2" rear LCD display, image stabilizer and waterproof case.

The **H5 Pro** action cam can be controlled remotely from a smartphone or tablet thanks to the **DV King 4K** application.

Integrated Wi-Fi

Managed via the app.

Image stabilizer

Automatic elimination of micro vibrations, to achieve jitter-free video recording.

Use flexibility

It adapts to work and leisure requirements. Complete with numerous accessories.

Wide angle

Equipped with 120° wide angle lens for excellent shooting.

Time Lapse

Take great videos with the advanced Time Lapse feature.

2" LCD display

Midland H5 Pro features the integrated display for framing, easily adjusting settings and playing back videos and photos.

30m waterproof case

The submersible case supplied protects the action cam from water up to a depth of 30 metres, but also from mud and dust.

Packaging and codes

30 m waterproof case, handlebar mount, 1050mAh Li-Ion battery pack, quick coupling (x2), screw coupling, 90° support (x2), coupling with photographic screw, 180° support, flat base support (x2), USB cable, clamps, fastening clamps, metal clamp, cleaning cloth.

code C1515

H3+

The action cam everyone can use.

H3+ is complete with integrated Wi-Fi, Full HD, image stabilizer and waterproof case. The action cam for all your craziest moments.

With the **GoPlus Cam** application, you can control the video camera remotely using a smartphone or tablet.

Integrated 2" LCD screen

Midland H3 + features the integrated display for framing, easily adjusting settings and playing videos and photos.

Wi-Fi

Thanks to the integrated Wi-Fi, Midland H3 + connects to smartphones and tablets to view, review and share videos and photos through the dedicated GoPlus Cam App (iOS and Android).

Motion detection

Automatic recording, sensitive to the movements of the wearer.

Dash cam

Continuous recording when connected to an external power supply (car/motorcycle).

Image stabilizer

Automatic elimination of micro vibrations

Waterproof case 30m

The submersible case supplied protects the action cam from water up to a depth of 30 metres, but also from mud and dust.

W199

The perfect webcam for smartworking.

1080P
FULL HD

A simple product, but in-between times: you connect it and immediately start shooting in HD, with built-in microphone, with a "Smart" price. The perfect solution for those who need to interact through live audio and video. Stay at home, but always connected with the **W199** web cam.

Features

- Sensor: CMOS
- Autofocus, exposure and white balancing
- Built-in digital microphone
- Cable length: 1.5 m
- Photo supported files: jpeg, yuy2
- Screenshot files: jpeg, png, bmp
- Clip to hang it on the computer
- Weight: 140 g - Dimensions: 7x2.5x2 cm

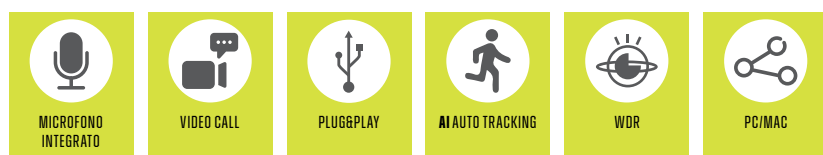

Packaging and codes

Webcam, USB 2.0 cable
code **C1476**

FOLLOW U

The 360° webcam that follows you up to a distance of 3m.

1080P
FULL HD

Follow U is the perfect webcam for those who need to move during the live broadcast. The Follow U webcam can in fact recognize the human physiognomy and follow the interlocutor thanks to the innovative LTS® (Live Tracking System) function.

A simple product to install: you connect it and immediately start shooting in Full HD (1920*1080px), with double integrated microphone and compatible with the most used systems such as Skype, Zoom, FaceTime, Facebook, YouTube, PotPlayer etc.

Features

- LTS® function (Live Tracking System) precise and intelligent recognition of human physiognomy
- Automatic 360° rotation
- Built-in stereo microphone
- Plug&Play, no installation drivers required
- 1 Touch Button Tracking, lightly touch the webcam to enable/disable the LTS® function
- WDR® (Wide Dynamic Range), processes the image to improve its quality
- High Definition without buffering, so as not to burden the processor of the PC/Mac
- Noise Reduction Processing, removes annoying background noise for a crystal clear audio
- Higher Sound Pickup Quality, for a faithful rendering of the voice pitch
- Auto Light Dimming, also ideal for poorly lit environments
- Livestream Webcam, perfect for your live social media

POWERBANK

 MIDLAND®

ER300

The powerful multifunctional emergency powerbank.

AM/FM Radio

Dynamo recharge

Charge the device with USB port

SOLAR PANEL

ER300 is a **powerful powerbank** capable of recharging portable devices and an **emergency device** equipped with an AM/FM receiver, designed for emergency situations, disasters and safety in which keeping in touch is essential. **ER300** is a versatile solution also for everyday use, for outdoor activities, camping or in leisure time. **Rechargeable via dynamo, solar panel, batteries and USB socket. With ultrasonic call for dogs, torch.**

Frequency: 531-1629 kHz (AM)
87.5-108 MHz (FM)

Colour: Red/Black

Features

- Recharge: dynamo, solar panel, Li-Ion integrated battery pack or AA batteries, via mini-USB socket
- It charges external electronic devices with USB port
- Power bank with long life battery Li-Ion 2600 mAh, lasting up to 25 hours of normal use
- It also works with 6 AA batteries
- Flashlight with Cree® led
- SOS Morse code flashlight beacon
- Ultrasonic dog whistle useful for rescue teams
- AM/FM radio
- Digital clock
- Headphone jack
- Telescopic antenna
- Wide, bright LCD with backlight

Packaging and codes

Radio, 2600 mAh Li-Ion battery pack, USB/micro USB cable

code C1173

SOLAR PANEL

 Bluetooth®

ER250 BT is a compact multifunctional device designed by Midland which has been optimized to tackle emergency situations and deliver enhanced safety for your adventures and leisure activities. In any light or energy condition, the solar panel, crank dynamo and USB cable allow recharging of the high-efficiency Li-Ion battery, guaranteeing up to 25 hours of life under normal use conditions and the possibility of recharging other electronic devices via the USB port. The AM/FM radio with telescopic antenna allows you to stay connected and informed at all times, an indispensable condition in the most critical moments, the same ones when the 130L Cree® LED flashlight with SOS function and Morse code can make the difference.

The stand-out innovation of the **ER250 BT** is the inclusion of Bluetooth technology that lets you enjoy audio and music from smartphones or tablets in superior audio quality.

A richer and more full-bodied sound that also saves the batteries of connected devices, a precious resource in outdoor life situations.

Frequency: 531-1629 kHz (AM)
87.5-108 MHz (FM)

Colour: Red and black

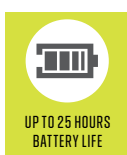

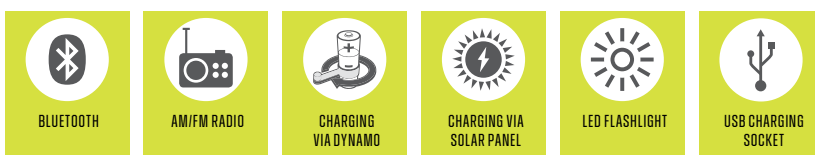

Features

- Bluetooth power: 6dBm
- Sound power: >300mW
- Weight (battery not included): 327g
- Rechargeable with dynamo, solar panel or USB cable
- Bluetooth connection to phone or portable devices
- High-efficiency 2600mAh Li-Ion rechargeable battery
- Flashlight with Cree®* led
- Morse code SOS function
- Charging of external electronic devices
- AM/FM radio
- Digital clock
- Telescopic antenna
- Audio jack socket: 3.5mm stereo

MIDLAND MOTORCYCLE INTERCOMS

Since 2005, Midland has specialized in motorcycle communication products.

Over the course of these 15 years Midland has created an R&D laboratory, within which professional engineers dedicate themselves daily to the development of technologically advanced products.

After years of constant studies and tests, the audio of Midland intercoms is the most advanced ever, thanks to strict controls on "Quality", the signature that has distinguished the company for over 60 years.

Your adventures on the road

Midland intercoms offer you maximum communication performance, to reach the fourth dimension of travel and give you a unique experience. Share emotions and excitement on the road and get 360-degrees adventures.

Top audio experience

Thanks to the partnership with RCF, Midland intercoms are able to provide high-performance audio even in the most extreme conditions, reducing external noises and allowing you to make the most of the phone call and music playback functions.

Always connected with your friends

Midland intercoms are easy to use and extremely versatile. The Bluetooth and Mesh technologies allow group connections of up to 10 motorcyclists without connection limits with intercoms of other brands or pairing with third-party devices.

Below is a selection of products, discover the whole range at midlandeurope.com.

BTX2 PRO S

Group communication with dual Bluetooth chipset.

BTX2 Pro S is the first mid-range intercom with dual Bluetooth chipset technology: 8 people (4 motorcycles), including riders and passengers connected in Conference mode, up to 6 people in One-to-One mode. All this in Full Duplex mode, with digital quality, DSP noise suppression system and AGC (a system you can disable and adjust) to control the volume automatically according to the background noise.

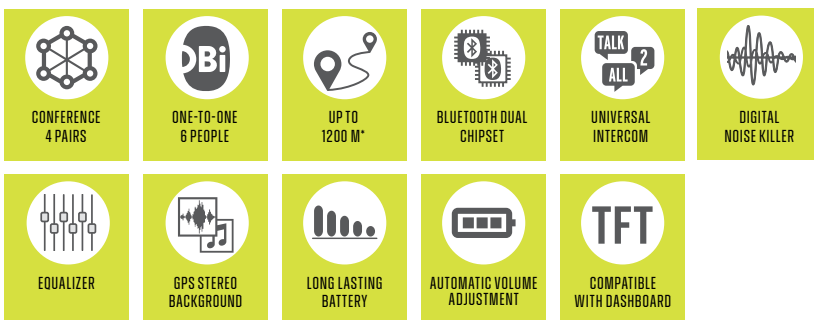

Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Honda, Ducati...).

Features

- Bluetooth® dual chipset
- Universal Intercom for pairing with intercoms of other brands
- Music Share
- Web Radio (using the Midland Connect app)
- Voice status messages, Vox
- Connects 2 mobile phones
- Stereo Background
- Fixing system with bi-adhesive tape and clamp
- Waterproof IPX6

Packaging and codes

Device, boom and wired microphones, slide-in clamp and bi-adhesive coupling system for all helmet types, audio kit with Hi-Fi speakers, Micro USB charging cable.

BTX1 PRO

Driver-passenger communication.

BTX1 Pro is the perfect system for rider-passenger communication.

Reliable, easy to use, with a very long battery life. The perfect companion for all your trips.

All in Full Duplex, with digital quality and DSP system for noise suppression. Moreover, the AGC (a system you can disable and adjust) allows controlling the volume automatically according to the background noise.

Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Honda, Ducati...).

Features

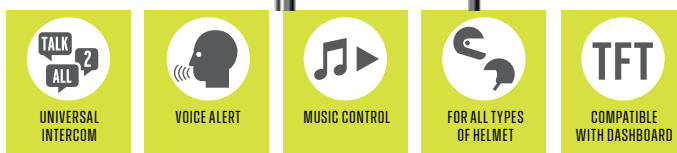

- Bluetooth® chipset
- Universal Intercom
- Music Share
- Web Radio (using the Midland Connect app)
- Voice status messages, Vox
- Connects 2 mobile phones
- Fixing system with bi-adhesive tape
- Waterproof IPX6

Packaging and codes

Device, boom and wired microphones, slide-in bi-adhesive coupling system for all helmet types, audio kit with Hi-Fi speakers, Micro USB charging cable.

BTGO UNI

The invisible system for those travelling alone or with a passenger.

BT Go Uni is the all-in-one system for the single user or driver-passenger.

With BTGO Uni you can listen/manage music in stereo mode, make and receive calls and talk to the passenger. All in Full Duplex mode, with digital quality and DSP system for noise suppression.

Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Honda, Ducati...).

Features

- Bluetooth® chipset
- 2 function keys
- For all types of helmet
- DSP Noise filter
- Voice status messages
- Power Audio Stereo Sound/AVRCP Music control
- Velcro pad to fix speakers and bi-adhesive tape for push-buttons
- Waterproof

Packaging and codes

Intercom, wired microphone for full-face helmets, boom microphone for modular helmets, type C USB charging cable, microphone spare sponge, velcro pad to fix speakers and microphones.
code C1310.01

ANITEC-ASSINFORM: MIDLAND EUROPE

Midland Europe is part of the ANIE Federation research and innovation commission, a member of Confindustria and represents the electro-technical and electronic businesses operating in Italy.

Anitec-Assinform

Member of Confindustria and Confindustria Digitale
Italian Association of Information and
Communication Technology Companies

Warranty

All our products are covered by a 24-month warranty, as long as they are sent to our **Technical Service Centres** together with the tax receipt. Contact our **Authorised Retailer** who will tell you where the nearest Service Centre is located. **NB:** we accept the return of goods upon two conditions: the agreed authorization from **Sales Dept.** (+39 0522 509411) or **Customer Technical Support Dept.** (+39 0522 509535) or **Intercoms** (+39 0522 509446), and if costs of shipments are covered by sender.

The authorization is mandatory and if lacking, products will be immediately returned to the sender.

Midland, a brand born in 1959 in a small factory in Kansas City, is today the world leader in the radiocommunication and consumer electronics sector.

A group that today has over **15 European and non-European subsidiaries**, between branches and strategic partners, and a distribution in **over 90 countries**, under the guidance of the **Italian Headquarters**.

Reggio Emilia is the headquarters of Research and Development that carries out the company mission daily and with great commitment.

“Create a world where communicating is simple, fun and available to everybody.”

Design and manufacture with passion products of quality, technologically innovative and that respond to the real need of all of us: to communicate.

***A SUCCESS THAT HAS LASTED
FOR OVER 60 YEARS.***
