

ER LANTERN

LED lantern with Bluetooth speaker

Bring your music and the perfect light to every adventure

EMERGENCY LINE

ER LANTERN

Imagine an outdoor evening: a starry sky above you, friends gathered around a table, music setting the mood, and a warm light that makes everything feel magical.

With **ER LANTERN**, this atmosphere becomes reality wherever you are.

More than just a lantern, **ER LANTERN** is a complete light and sound experience. Designed for those who love the outdoors without giving up comfort and style, this multifunctional lantern combines **adjustable LED lighting** with a **built-in 20-watt Bluetooth speaker**, creating the perfect atmosphere at any moment.

Key Points

•Warm / Cool Light

Choose the right mood: warm and cozy (also less attractive to insects) or cool and comfortable for reading and activities.

•360° Light and Sound

Even illumination on your table, tent, or living area, with immersive sound that reaches everyone.

•IPX6 Waterproof

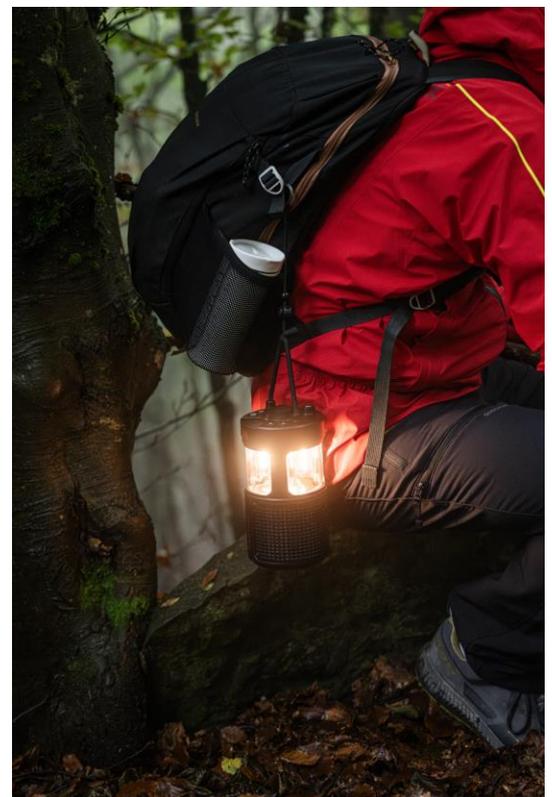

Resistant to heavy rain and splashes – perfect for camping and outdoor use.

•Up to 14 Hours of Battery Life

Enjoy a full evening of light and music without worries.

•Party Anywhere

TWS / Multi-Room lets you connect a second speaker to synchronize sound in different areas.

ER LANTERN

Light, Sound, Recharge. Anywhere.

Custom Atmosphere

Thanks to the **dual color temperature**, you can choose the perfect light for every occasion:

- **Warm light (yellow/orange)** – brighter and more inviting, ideal for dinners and romantic outdoor evenings, and helpful in reducing insects.
- **Cool light (white)** – perfect for reading or creating soft lighting without straining your eyes.

Powerful Sound & Total Connectivity

No need to carry extra speakers: **ER LANTERN** features a **20-watt speaker with 360° sound**, delivering clear audio in every direction.

Want more? With **TWS (True Wireless Stereo)** technology, you can connect a second lantern to create an immersive stereo experience.

Connection is fast and easy thanks to **Bluetooth 6.0**, stable even outdoors. For wired use, an **AUX input** is also available.
